What's new this year?

Infofinder i – "Transportation's link to the community "

Deming Public Schools has a new web-based service to help keep Parents and the Community informed!

Visit: http://www.infofinderi.com/ifi/?cid=DPS44UG1FTBG or on the district website www.demingps.org

What does this new service provide the community with access to?

- School bus route and stop information in your area.
    - *Route and stop information is subject to eligibility guidelines.*
- Elementary School boundary information
- Contact Transportation
- Register for transportation updates

Additional transportation information tidbits for the new school year:

"If you're early, you're on time. If you're on time, you're late."

~ Lik Hock Yap Ivan From: RaiseYourMind.com

- **Please be early to the bus stop**: Traffic, weather, loading and unloading, etc. can all cause bus arrival times to vary. To ensure child safety (and that we don't miss you) please have your child at the bus stop 10 to 15 minutes earlier then the estimated time of arrival indicated on the pass. We also ask that if you pick up your child up at the bus stop that you follow the same rule. *Please don't Be Late!*

- **Change of Address Requirements:** If you have a change of address and need to set up new transportation arrangements you MUST update the address at your child's school first. It takes 24 hours for changes to rollover into our database. Please ensure you come to schedule your child on a bus after that 24 hour rollover.

- **Temporary Bus Pass Requests:** When requesting a temporary bus pass for one day or one bus run, the parent/guardian must provide a note to the school's front office. Please provide a phone number on the note so that the Secretary or Designee may call to confirm with the parent.
  Please note: temporary bus passes are only good for one day and a one-way trip. If you require multiple days, weeks, etc. you need to come to the Transportation Department to get an "exception bus pass" or apply for a 501T.
